UNIVERSAL SCREEN MAGAZINE  
NO. 75.

UNIVERSAL SCREEN MAGAZINE NO. 75 starts off with an interesting chapter on animal life on Saturday, which is their official cleaning day. They get their regular baths whether they like it or not, so that they may be all dressed up for Sunday. The labor and best brains of the country are engaged in a supreme effort to provide our boys "over there" with arms. Millions can be saved every year by producing infertile eggs for market, and producing fertile eggs for incubation only. The whole country must stand behind Hoover in order that the war may be won in the shortest possible time. The growing of bananas has now become almost an industry. Screen Magazine shows how they are grown, cut, and made ready for shipment. The last chapter is a Miracle in Mud by Willie Hopkins, entitled "Horseshoe for Luck."
